

NR2 SCRUBBER DRYER

Professional machine.

Battery with traction motor.

Optimal for working on surfaces up to 1,500/2,000 m².

NR2 52

NR2 60

NR2 SCRUBBER DRYER

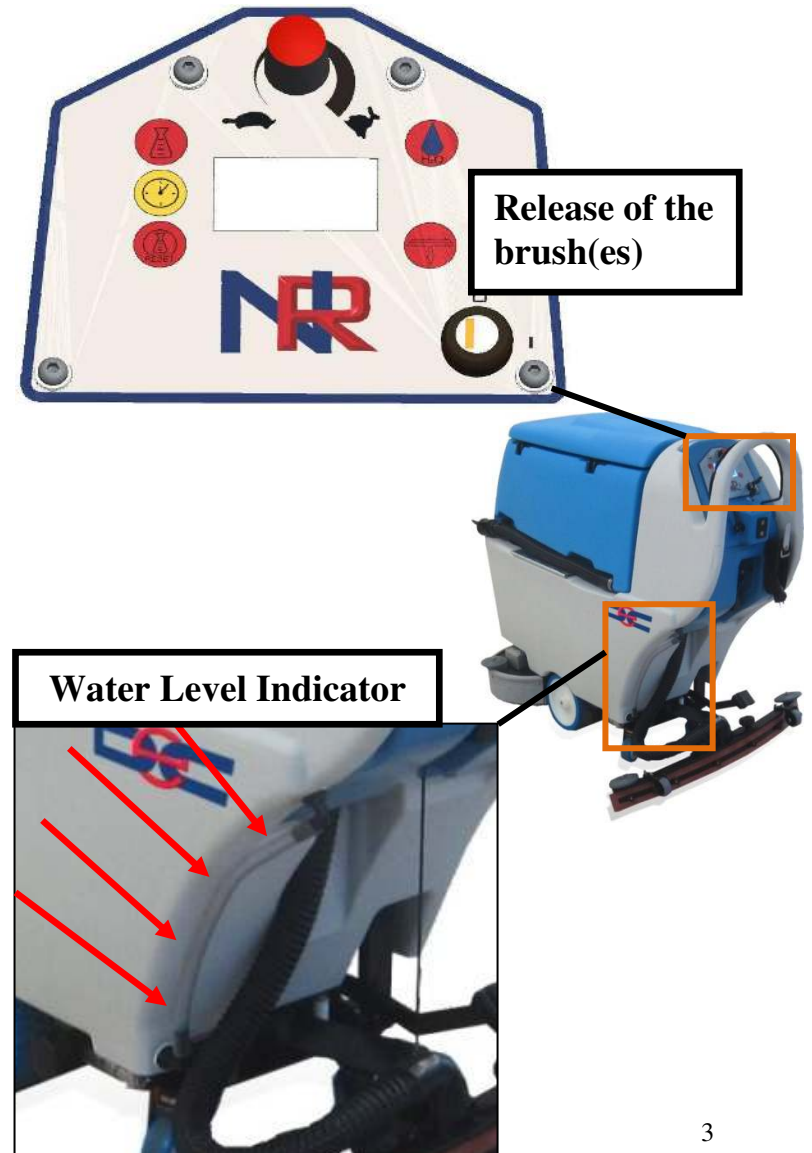

Model	NR2 52	NR2 60
Features		
Work corridor mm	520	600
Dryer mm	800	800
Traction		
Motor: Power (W)	250	250
Brushes		
Motor: Quantity/Power No./W	1/375	2/250
Pressure on the brush N	215	260
Suction		
Motor: Power (W)	500	500
Tanks		
Tank capacity (Dirty/clean water) l	70/73	70/73
Batteries		
Capacity V/Ah (5h)	2x12/118	2x12/118
Machine dimensions		
Length x width x height mm (without floor-cleaner)	1,320x590x1,070	1,230x660x1,070
Empty weight (without batteries) Kg	112	120
Weight of the batteries Kg	75	75

Warranty	2 Years - Parts & Labour (Except for non-compliant uses)
-----------------	--

NR2 SCRUBBER DRYER

- ❖ Very compact, small dimensions and then particularly manoeuvrable
- ❖ Simple and intuitive instructions for the machine controls
- ❖ Release of the brush(es)
- ❖ Maximally reduced operating noise level
- ❖ Water tank with level indicator
- ❖ Integrated battery charger (On request). It is possible to charge the batteries in less than 8 hours

EASY TO USE
CONFORTABLE AND SAFE

NR2 SCRUBBER DRYER

- ❖ High amount of power used (Traction 250W; Suction 500W; Brushes 1x375W/2x250W)
- ❖ Motor-reduction gear unit for brush with parallel axes: improving transmission performance.
Very efficient transmission

HIGH PERFORMANCE

- ❖ High-capacity battery (118 Ah/5h)
- ❖ Large capacity of the tanks (70/73 l)
- ❖ Electrical design with battery CUT-OFF system. Below a predetermined battery charge level the brush motor will come to a halt

HIGH DEGREE OF AUTONOMY IMPROVED BATTERY LIFE

Battery

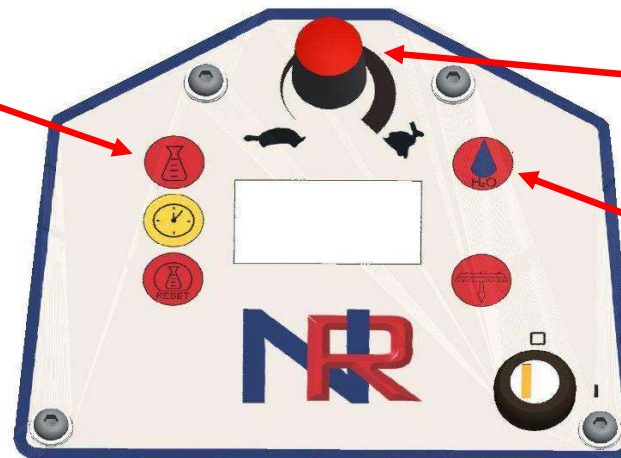

NR2 SCRUBBER DRYER

- ❖ Availability of brushes with different kinds of bristles
- ❖ Availability of training devices for different Pad types
- ❖ Adjustment of the water flow
- ❖ Adjustment of the drive speed
- ❖ Adjustment of the flow of detergent (upon request)

IDEAL FOR ALL TYPES OF FLOORS

- ❖ Detergent percentage button (on request)
- ❖ Detergent tank (on request)

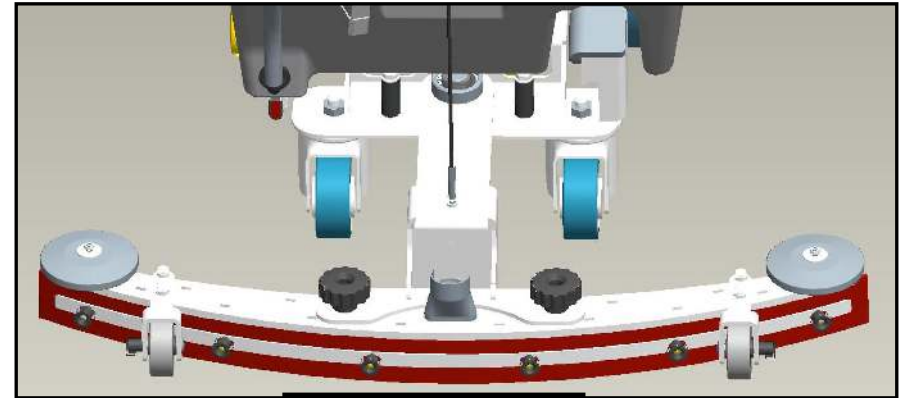

- ❖ Drive speed regulator
- ❖ Water flow button

NR2 SCRUBBER DRYER

- ❖ Dryer with natural rubber wipers
- ❖ Particular geometry and weight of the dryer
- ❖ Optimisation of blades hardness and thickness

EXCELLENT DRYING

Floor wiper

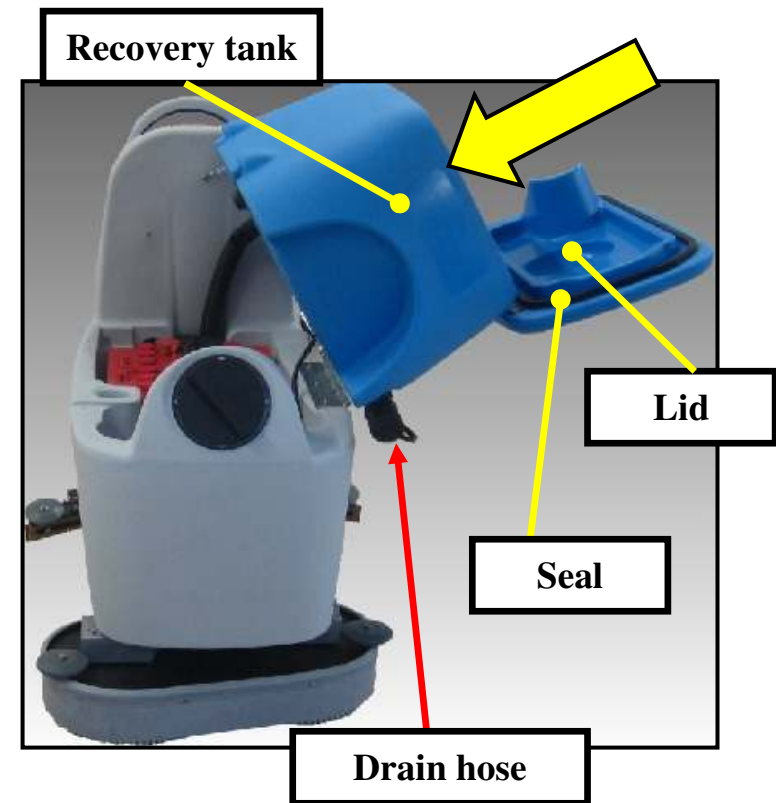

VERSATILITY OF USE

- ❖ **TYPE OF FLOOR:** tiles, stoneware, ceramic, clinker, marble, granite, cement, linoleum, rubber, Palladian, porphyry, moulded PVC) which are particularly dirty and rough, and as a result:
- ❖ **AREAS OF USE:** industrial settings, offices, public buildings such as schools and hospitals, airports, sports centres, and shopping centres)

NR2 SCRUBBER DRYER

- ❖ It is possible to reverse the recovery tank and its lid on the same side and therefore the tank is easily and fully accessible
- ❖ Dirty water tank which can be easily removed and inspected, equipped with a drain hose
- ❖ The seal of the lid can be removed without tools and therefore easily cleaned

EASY TO CLEAN

NR2 SCRUBBER DRYER

- ❖ Tanks made of shock-resistant material
- ❖ High reliability of the components
- ❖ Constructive simplicity, easy access to all components and then easy maintenance
- ❖ Blades can be used on all 4 corners
- ❖ Blades replacement without tools
- ❖ The components exposed to the oxidation are treated. In particular the squeegee is galvanized and then painted
- ❖ Electrical installation protected from water and steam

LOWER MAINTENANCE COSTS
